New Meaning in a Postmodern Age

0-8010-2621-0 • 304 pp. • \$21.99p

"Kärkkäinen has succeeded in the difficult task of drawing together the many strands of Christology in the Bible, in Christian history, and in the contemporary world. The result is a fascinating kaleidoscope of images and reflections on the person of Christ, an essential textbook for the theology classroom, and important reading for anyone wanting to discover the meaning of Christ in this postmodern age."

—Allan Anderson, University of Birmingham

"An excellent introduction. What makes this book unique is that academic Western theology and contextual theological approaches are treated together as if that had always been the natural way to do it. This work will be of great use to students and to anyone interested in Christian theology."

—Michael Bergunder, University of Heidelberg
